

**Madison Area Resource Team (M.A.R.T.)
Resource Guide**

Beginning in 1991, a group of concerned citizens representing residents, agencies, and businesses began to collaborate in an effort to improve services for Madison County residents. In 1994, those involved named the group the Madison Area Resource Team (M.A.R.T.). Over time the collaborative grew and evolved into a formal entity. In early 2000, M.A.R.T. formed a partnership with Family Connection, having applied for a Family Connection grant in 1999.

The M.A.R.T. Collaborative meets monthly. Membership is open to social service agencies, school personnel, policy makers, businesses, churches, and other community members interested in collaborating to address human service and quality of life issues facing families, children, and youth in Madison County. Please contact us at 706-795-3565 if you are interested in attending a monthly meeting.
